KILLED BY EXPLOSION OF BOILER

Thomas McGee, a Tool Dresser, Mc With a Horrible Death Near Farmington—Body Blown Over Tree

A terrific explosion of a boiler at the oil well which is being drilled by the Hope Natural Gas Company, on the E. Ashcraft farm, about a mile from Farmington, Thursday night at 11:30 o'clock resulted in the death of Tom McGee, a tool dresser.

McGee was working about the boiler when the explosion occurred and was hurled to death within an instant. His body was thrown clear over the top of a very tall tree and was very badly mangled. Three other men were a work about the well but fortunately escaped with their lives. At the time of the explosion they happened to be some distance from the boiler and escaped the flying debris.

The dead man was from McDonald. Pa. He was about 35 years of age and well known in this vicinity.

Of Interest to Sick People.

We have all the sympathy in the world for sick people, and want to treat them in a serious way. There is no humor in pain and affliction, but hard earnest fact. It is impossible for the patient to impress on others the extent of suffering they endure, and their anxiety for relief. To get well or be relieved is their one thought and any remedy that will bring this about has their everlasting gratitude. We have thousands of letters from people who have had dyspepsia, sick headache and bilious attacks, who tell us how thankful they were for having used Dr. Gunn's Improved Liver Pills. They are sold at all drug stores for 25c per box. Only one for a dose. These pills remove the cause of disease and make the skin clear and healthy looking. For sale by Stone & Mercer.

Merry-Go-Round Comes.
A merry-go-round has come to town and located on the vacant lot just west of the Walker hotel, where it will operate for some time.
